FAUCETS

Jaquar faucets provide a great experience with their high quality and high performance. Jaquar's in-house, award winning design team is well integrated in its approach and our state-of-the-art manufacturing units are backed by a world class testing lab. That's why Jaquar faucets conform to the highest quality and regulatory standards. Jaquar's passion for perfection reflects in the 10 years of warranty it extends on its faucets. Today, Jaquar faucets have about 60% of the market share with a complete range of single-lever, quarter turn and multi-turn faucets.

FAUCET TECHNOLOGY

Cartridges

The heart of every faucet, the cartridge is responsible for controlling water supply.

- Jaquar cartridges are 5 lacs cycle tested to give a longer and trouble free operating life of upto 20 years (considering 60-70 operations per day)
- Wide angle of lever provides extra comfort and flawless, smooth operation
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage
- Works smoothly even at high temperatures (85 degrees) and in various pressure conditions (0.5 -5 bar)
- Recognised and approved by national bodies NSF -USA, ASME-USA RAS-UK, ACS-FRANCE

Aerators

Devices that mix air with water to give a soft and splash-free flow.

- Our integrated honeycomb-structured aerator, provides lime buildup protection
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particles

Chrome Finish

Upper shiny protection layer provides a mirror finish to every faucet.

- High plating thickness (Nickel: 10 microns and Chrome: 0.3 microns) provides tolerance to extreme climate and water conditions
- 450+ hours of salt spray test ensures our finishes are highly durable and corrosion resistant for a much longer time.

i-FLUSH

Installed directly in the pipeline, the i Flush concealed flushing mechanism has multiple aesthetic and design advantages. It also provides a more appropriate mechanism of flushing, using the available water pressure to create better siphoning at the trap and superior clearing of waste.

i-Flush advantages

- Repeated flushing is possible, whereas concealed cisterns will definitely take time to fill up after flushing once
- i-Flush 32 mm can work efficiently at even low pressure (minimum 0.8 bar dynamics)
- Less noise in flushing
- Dual flush - Saves water, a green product
- Easy maintenance, control stop valve can be closed with the help of a T-type key provided along with the product
- Access to control cartridge by removing front actuation plate hence easy accessibility for maintenance

Features

Advanced Rubit Technology

A feature that keeps showers clean and increases their longevity. Since the spray jets on the showers are made from elastic silicone, they ensure that no limescale deposits stick to the shower face. Even if they do, they can be easily rubbed off by hand or flannel.

Click Position System

All Jaquar multi-functional showers feature the convenient click mechanism. You can feel and hear the click while changing the function of the shower sprays.

Jaquar Booster Technology

Jaquar Booster Technology creates the sensation of a full shower regardless of the water pressure.

Thermo Insulation

Jaquar's insulated shower systems prevent scalding by not heating up the shower body.

SHOWER PANELS

Jaquar's Shower Panels make showering much more convenient, since they can offer all the capabilities of a shower stall, even in a small bathroom, with body shower jets, hand showers, a convenient shelf for your shampoo and shower gel, and of course an overhead rain shower. Easy to install, Jaquar Shower Panels are a great way to increase the functionality of your existing shower area, as they can fit neatly on to the wall via their wall bars.

Why Jaquar Shower Panel?

Jaquar's shower panels make showering much more convenient, since they are almost like shower stalls, and fit even in a small bathroom. Jaquar shower panels are an easy way to increase the functionality of your existing shower area, as they can fit neatly on to the wall via their wall bars.

Versatility

Instead of using a single shower head, many shower panels are available with multiple water outputs.

Easy to Install

Minimum civil work is required to install shower panels. It can be fixed into the existing pipeline

WATER HEATERS

Why Jaquar Water Heaters

Water heaters that gives you more.

To ensure that they are worthy of the trust that is placed by customers in every Jaquar product, a whole range of safety, longevity and energy efficient features have been built in to these water heaters:

1) MORE SAFETY

- Double Safety Thermostat – dual overheating control mechanism cuts off power automatically even if primary cut off fails
- Multi-function Safety Valve – discharges water and acts as a non-return valve if pressure or temperature exceed preset limits

Multi Function
Safety Valve

Double Safety
Thermostat

Earth Leakage
Circuit Breaker

2) MORE LIFE

- Superior Quality Glass-lined Inner Tank – prevents rust, corrosion and prolongs the life of the inner tank

Anti-Germ Glazing

Anti-Bacterial Glaze is an additional Fluoro-Polymer in glaze. It is applied on Jaquar WCs and Wash Basins through a special process and provides the following benefits:

- It forms a strong hydrophobic shield which prevents the build-up of bacteria and germs
- Ideal for India's humid weather conditions
- Renders the surface durable and highly repellent to dirt, oils and liquids
- Facilitates easy removal of hard water deposits

Clean and Odour-free WCs

The interior portion of the traps of water closets are glazed

- Ensures the trap does not collect dirt or give out odour
- Prevents dirt from sticking inside the trap
- Facilitates easy flushing and waste removal
- Ensures clean and odour-free bathroom

Soft Closing Detachable UF Seat Cover

- Load bearing capacity of over 150 kg (seat cover and bushes)
- Shape and texture of the seats unaffected by temperature variations
- Does not absorb room temperature therefore the seats are neither too hot nor too cold to touch
- Surface is resistant to stains and strong dyes
- Does not deform or peel-off with use
- Special buffer oil is used in the hinges for lasting functionality
- Soft-close action to eliminate noise of falling of the cover.
- 5 years guarantee for UF seat cover and 2 years for PP seat cover.
- Adjustable speed of falling of the cover within a range of 1 to 15 seconds that leads to silent operations

Stringent quality parameters:

- Load Bearing Test 400 kgs for WC & 100 kgs for WB
- Autoclave Test for Craze Resistance
- Chemical Resistance Test to negate the possibility of stains

- Spectro Photometer Test for colour stability
- Flushing Tests: (a) 100 Ball Test (b) Ink Test

After Sales Service

SPAS

Spas are a wonderful way to relax and restore equilibrium. Jaquar's spa models are technological marvels whose 'well being circuits' comprise of various seats and a common footrest in the centre. Each seat is strategically fitted with different types of massage jets in various positions, oriented to massage different parts of the body. By moving from one seat to the other, one can enjoy a complete and satisfying massage that stimulates and relaxes all parts of the body. Cushioned headrests, ergonomic seats and a host of high performance features make this the ultimate home spa experience.

Why Jaquar Spas?

More economy

An array of energy efficient technologies make our spas more economical to run and easier to enjoy more often without worrying about power consumption.

Cleaner, healthier water

Unlike swimming pools, Jaquar spas don't use harsh chemicals that can be harmful for the skin. Our spas feature advanced water treatment technologies to ensure the cleanest, clearest water.

A superior experience

Jaquar spas have superior hydrotherapy performance and features that are usually reserved for the world's most expensive spas.

Guaranteed to last longer

Every Jaquar spa is hand crafted using industry-leading techniques and materials, which is why we can guarantee the spa shell for 10 years.

Easier to maintain

Jaquar spas give you the ultimate in easy care spa ownership without needing to spend much time on maintenance, or have a degree in chemistry to enjoy crystal clear water.

SAUNAS

A Sauna is a bathhouse or room, usually made of wood, which uses dry heat to induce perspiration, with steam being produced by pouring water on heated stones. Perspiration or sweating is one of the main ways our bodies get rid of the traces of hundreds of toxins that accumulate inside us from pesticides, drugs and manmade chemicals. 15 minutes in a Jaquar sauna can help us sweat as much as we might otherwise do over an entire day or more. And the benefits of this aid in many medical conditions.

Why Jaquar Saunas?

Detoxification

Saunas stimulate the body to release fat-soluble toxins, heavy metals, and other toxic chemicals in sweat via pores more effectively than any other form of heat therapy or exercise. Reports have shown that it can relieve the symptoms of drug-induced lupus. The list of chemicals claimed to be removed from the body includes: mercury, lead, copper, cadmium, manganese, sodium, chloride, arsenic, nickel, benzenes, street drugs, prescription drugs, anaesthetics, cholesterol, urea, nicotine, sulfuric acid.

Immune System Enhancement

A typical sauna session will cause a brief 1 to 3 degree F increase in body temperature. Fever is the body's defence against bacteria, microbes and consequent infection. The production of white blood cells by the bone marrow and killer T cells by the thymus results in boosting immunity, overall.

Stress Relief

Continuous strain on the autonomic nervous system leads to a high level of stress, one of the elusive causes of many chronic diseases.

Pain Relief and Control

It helps in relieving muscular pain, cardiovascular and other skin conditions

Skin Cleaning and Rejuvenation

Saunas open clogged pores allowing for removal of dirt, oil, and makeup. In addition, there are improvements in skin problems such as acne, rashes, burns, eczema and psoriasis. Scars, even keloids, may be gradually softened.

Their jets project water in a flowing, circular motion, which offers a wide array of health benefits, including relaxation, improved blood circulation and sore muscle and joint relief. Whatever you desire, whether hot or cold water massages, long relaxing soaks or even chromotherapy, a Jaquar Whirlpool gives you all these and more. Easy to functions flawlessly switch water modes for your benefit.

Advantages

- **Hydromassage:** A gentle jet stream massage bath that stimulates from the surface of the skin onwards. The deep tissue massage stimulates blood vessels and nerve endings. and relaxes your body's entire muscular system.
- **Air Massage:** An infinite number of air bubbles provide a caressing sensation on the skin and allow the water's soothing warmth to penetrate deeper into the body's tissue. This sensational feeling, akin to weightlessness, is accompanied by a deep experience of healing warmth.
- **Chromotherapy:** The use of various coloured lights offers additional therapeutic benefits when used in conjunction with the whirlpools massage.

These include:

Green: has harmonious effects on the digestive system.

Yellow: radiates sun-like warmth on the body.

Blue: is calming and soothing and lets you float away in to your dreams.

Red: infuses energy and vitality, giving lost strength to the entire system.

Features

The unbeatable product features are:

- Brilliant surface of sanitary acrylic
- Warm surface
- Antibac® hygienic surface
- Increased chemical resistance
- High break strength
- Long life in use
- Excellent design possibilities
- Easyglide® layer

STEAM SOLUTIONS

For those seeking wellness in the comfort of their homes, Jaquar steam solutions are a great way to enjoy the benefits of humidifying water vapour from a high-quality steam generator.

Why Jaquar Steam Solutions?

Features

Absolute Quality of Materials

Jaquar hydromassage showers are made of co-extruded acrylic, which does not discolour and has a long life. This hygienic material, together with the smooth surfaces and tempered glass shower enclosures, makes cleaning an easy part of the product experience.

Advantages:

Stability and Mechanical Resistance

Jaquar shower boxes are characterised by stability and solidity thanks to the zinc-plated steel frame that ensures maximum rigidity of all the components. Stability and mechanical resistance are also the attributes of the shower tray reinforcement.

Easy Installation

The installation of the shower boxes is as easy as it can be: the metal frame carries the elements and is simply put together.

Digital Control

It allows you to manage all manual control functions including sequential back rain jets, back jets, waterfall cervical massage, duration of vertical hydromassage, steam bath function, light, radio and white LED lighting

Control Units

All the hydromassage shower functions can be simply adjusted through easy-to-use control units.

Manual Control

It allows you to manage the shower head and vertical jets, as well as activate the steam-bath function.

Benefits:

Clearer skin

Steam showers have the ability to unclog pores and remove deeply trapped congestion from under the surface of the skin

Infection treatment

A major benefit of regular steam showers is relief from respiratory infections

Increased circulation

Steam showers are an excellent way to naturally boost circulation throughout the body. Increased circulation brings more oxygen to cells and decreases the risk of hypertension, hardened arteries and muscle function

Stress relief

One of the most powerful benefits of steam showers is their ability to reduce both physical and mental stress

BUILT-IN BATHTUBS

The more common and practical choice in bathtubs, the built-in or 'drop-in' bathtub is preferred wherever space is at a premium. Because they are placed adjacent to a wall and tucked away, built-in bathtubs are space-economical and can also offer additional storage on the surrounding ledges or the walls next to them. Perfect for placing an aromatic candle or two while you soak in the bubble bath and unwind!

About Jaquar Shower Enclosure

Shower Enclosure has become an integral part of the Modern Bathroom. Besides serving the functional purpose of separating wet & dry area it gives elegance and style to the Bathroom. It takes the aesthetic of the bathroom to the next level.

Shower Enclosure makes bathroom dry, hygienic and safe. Restricting the water inside the wet room only, shower enclosures keep the entire bathroom dry, thus making it bacteria free and hygienic. Shower Enclosures reduces the chances of slippery danger making a bathroom safe.

Space has become the most precious commodity in cities today and a shower enclosure helps save space. Modern Bathroom has 3 specific areas: Basin Area, Water closet area and Shower Area. A Corner standard size Shower Area like 1m x 1m or 1.2 m x 1.2 m helps serve all the functional requirements of the bathroom.

With its functional benefits, shower enclosures have become a need of every bathroom today.

Why is Jaquar glass partition for bathroom the best?

Welcome to the world of Jaquar glass partition enclosures for bathrooms! Each one comes with a ready-to-use feature that makes installation hassle-free. The Jaquar bathroom glass partition goes through high quality and scratch tests to check for any defects. It also survived free fall and shattering tests to check for fracturing and ensures only maximum durability.

We at Jaquar understand how integral the shower cabin is for a modern bathroom set-up and strive to give our customers the best quality bathroom shower enclosures in various styles and designs. A single Jaquar glass for bathroom showers guarantees to take the aesthetics of your bathroom to the next level. Be it the Stark series bathroom shower cubicle or frameless IARA series walk-in shower enclosure, Jaquar products are a class apart.

Jaquar offers a wide range of standard glass partitions for bathrooms- particularly the Optima, Delta and Fusion that adhere easily to your walls, creating a perfect bathroom separator for your showers.

Textured & Frosted Glass

Textured glass has a repeating shallow pattern that is available different styles. It enhances the overall look of the bathroom. Several styles to choose from :

Features:

- Permanent. Images won't fade, peel, scratch or crack
- Control over opacity

Textured Glass:

Unique and Handcrafted designs on the glass. As the patterns are not geometric in shape, each and every piece of enclosure are unique and different to each other. The textured designs on the glass are patterns without losing the transparency of the glass.

Frosted Glass:

The sand blasted frosted glass makes the enclosure opaque which provides more privacy condition. The geometric frosted shaped provide more option of design to a shower enclosure.

ARTIFICIAL LEDGES

Jaquar introduces artificial marble ledges in five different colours.
