

AQUARIUM[®]
bath accessories

towards a better

Product Brochure **2021-22**

www.aquariumbath.com

The background is a solid black field. Scattered across it are several abstract, organic shapes in two shades of teal. Some shapes are a vibrant, saturated teal, while others are a lighter, almost cyan blue. These shapes are curved, flowing, and layered, creating a sense of movement and depth. They resemble stylized waves, feathers, or perhaps the tails of fish. The word "tomorrow" is centered horizontally across the middle of the image, written in a clean, white, sans-serif font. The text is partially overlaid by the teal shapes, which appear to be in front of the letters, adding a dynamic and artistic touch to the composition.

tomorrow

Parth metal was established in 2010 at the industrial hub Metoda GIDC (Rajkot), Gujarat. This was an era when the state government specifically focused on developing manufacturing industries that will also bloom the economy as well.

For growing with the flow, we started manufacturing Bathroom Accessories under the brand name 'AQUARIUM'. Our company works on three significant terms; i.e., Quality Control, Quantity Uncontrolled, and Quark lead our organisation to success. Under smooth governance, we step up the ladder of success slowly. We never compromise the quality of our products; no matter how big the quantity of orders is, our priority is customer satisfaction and quality.

We are well known in our field because of quality excellence and maintenance. We also export bulk production of stainless steel and brass accessories overseas. The ever-expanding market has now accepted our brand, so we quickly grab a large share of the market. We received appreciation from around 20 states of India, and we provide a large number of our products for wholesaling and retailing purposes. User satisfaction is our motto, and we will always receive appreciation from our customers.

Quality maintenance and a user-friendly approach have been the driving force for all what we have achieved today. With the support of our distributors, dealers and end-users, we grab the global market share as well and achieve higher milestones in our journey.

We always ensure to bring a satisfied smile when our products reach your home, and we will always keep our promises like the quality of products.
